

Blockchain Alliance International

Introduction

March 2023

Forward from BAI President

The Blockchain Alliance International (BAI) is a non-governmental organization that collaborates with NGOs, the private sector, academia, governments and multilateral institutions with the objective of rallying technological and informational support to the UN Sustainable Development Goals (SDGs).

The upcoming series of forum is an initiative by BAI and its partners to discuss the topic of emerging technologies in support of the SDGs and to learn from innovators, scientists, and decision makers regarding development goals and challenges, results, and solutions in entrepreneurship, technology, and public policy; examine particular cases; share expertise, and leverage advanced technologies like blockchain to transform the planet by 2030.

Originally designed for applications in digital currency, blockchain's distributed ledger technology fosters transparency and accountability in the data that global businesses, governments, and humanitarian efforts rely on. Furthermore, the technology also reduces the costs for transactions, which enables every investment in people and our planet to save lives, create economic opportunities, and preserve our environment.

Our need to track progress, improve transparency, and generate innovate solutions to achieve humanity's greatest goals requires us to reliably collect, store, and transmit the data with which tell our story. Hopefully the Technology and Innovation Forum with the main focus in Blockchain initiated by BAI will provide direction at the intersection of social enterprise and technology in order to catalyze solutions for the planet's shared challenges.

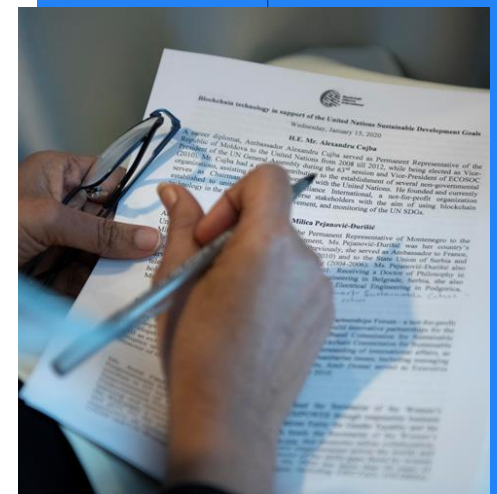

We are looking forward to your active participation and welcoming you to our events.

ALEXANDRU CUJBA

BAI President

Ambassador

former Permanent Representative of Moldova to the UN

BAI is a Tax-Exempt Nonprofit Organization

Dear Applicant:

We're pleased to tell you we determined you're exempt from federal income tax under Internal Revenue Code (IRC) Section 501(c)(3). Donors can deduct contributions they make to you under IRC Section 170. You're also qualified to receive tax deductible bequests, devises, transfers or gifts under Section 2055, 2106, or 2522. This letter could help resolve questions on your exempt status. Please keep it for your records.

Organizations exempt under IRC Section 501(c)(3) are further classified as either public charities or private foundations. We determined you're a public charity under the IRC Section listed at the top of this letter.

If we indicated at the top of this letter that you're required to file Form 990/990-EZ/990-N, our records show you're required to file an annual information return (Form 990 or Form 990-EZ) or electronic notice (Form 990-N, the e-Postcard). If you don't file a required return or notice for three consecutive years, your exempt status will be automatically revoked.

If we indicated at the top of this letter that an addendum applies, the enclosed addendum is an integral part of this letter.

For important information about your responsibilities as a tax-exempt organization, go to www.irs.gov/charities. Enter "4221-PC" in the search bar to view Publication 4221-PC, Compliance Guide for 501(c)(3) Public Charities, which describes your recordkeeping, reporting, and disclosure requirements.

Sincerely,

Stephen A. Martin
Director, Exempt Organizations
Rulings and Agreements

Our Mission

The **Blockchain Alliance International (BAI)** is a non-governmental, not-for-profit organization established to bring together and converge the efforts of diverse stakeholders, entrepreneurs, private companies, academic institutions, governments and multilateral institutions for the purpose of using blockchain and other advanced emerging technologies in the implementation, achievement, and monitoring of the UN Sustainable Development Goals (SDGs).

BAI President Alexandru Cujba

Mr. Alexandru Cujba is the Founder and Executive President of Blockchain Alliance International (BAI) since 2019. Under Ambassador Cujba's leadership, BAI is working with diverse stakeholders to promote and facilitate sustainable and inclusive development through the use of new information and communication technologies; BAI holds forums, conferences and special events to provide a platform for partnership building and cooperation for private sector and civil society organizations, governments, the United Nations and other multilateral institutions.

Mr. Alexandru Cujba has more than 15-year of distinguished diplomatic career in the Foreign Services of the Republic of Moldova and tremendous leadership experience in diverse UN bodies in the past 10 years by assuming the following roles.

- ❑ **Secretary-General of the South-South Steering Committee for Sustainable Development (2013-2015)**
- ❑ **Permanent Representative of Moldova to the United Nations (2008-2012)**
- ❑ **Vice-President of the Economic and Social Council (ECOSOC) of the United Nation (2010)**
- ❑ **Vice Chairman of the Special Political and Decolonization Committee (2008-2009)**
- ❑ **Head of Delegation of Moldova to the United Nations General Assembly during the 64th, 65th, and 66th sessions. (2009-2011)**
- ❑ **Vice-President of the UN General Assembly during the 63rd session of the General Assembly (2008)**
- ❑ **Director-General in the Department for Bilateral Cooperation of the Moldovan Foreign Ministry (2005-2007)**
- ❑ **Deputy Permanent Representative of Moldova to the United Nations (2002-2005)**

NO POVERTY

Blockchain tracks the donation and creates financial inclusion.

ZERO HUNGER

Blockchain enables healthy and safe food delivery worldwide.

GOOD HEALTH AND WELL-BEING

Blockchain creates transparency and efficiency in diagnosis, treatment, prevention and insurance.

QUALITY EDUCATION

Blockchain helps to increase the accessibility and affordability of education.

Blockchain with SDGs

INDUSTRY, INNOVATION, AND INFRASTRUCTURE

Blockchain helps to manage supply chains, logistics, and transportation

SUSTAINABLE CITIES AND COMMUNITIES

Blockchain helps to build smart cities by aggregating computing power and energy in a decentralized manner.

RESPONSIBLE CONSUMPTION AND PRODUCTION

Blockchain can help to promote sustainable production practices and reduce waste.

PEACE, JUSTICE AND STRONG INSTITUTIONS

Blockchain improves the cybersecurity and helps preventing terrorism and crime.

Partnership Benefits

The Blockchain Alliance International's partnership is composed of leading blockchain innovators, large enterprises, law firms, financial institutions, start-ups, consultancies, and any industry or academic leaders from private and public sector who are committed to supporting the growth of this groundbreaking technology.

Partnership benefits are highly tailored to the needs of each individual member company. The appropriate partnership tier for your company will be considered on a case-by-case basis and approved by BAI's leadership team.

EVENTS: BAI curates and participates in events across geographies to advocate on behalf of its partners, and educates business leaders and government officials on the benefits and applications on the groundbreaking technology.

PARTNERSHIP: BAI can help establish the partnership between public and private sector and promote the business collaboration among NGOs, academia, governments, multilateral institutions and the private sector globally.

REGULATORY AND INDUSTRY UPDATES: BAI provides updates on regulatory or industry trends. Our partners are welcomed to bring the updates on their products and services.

Our Past Events

- BAI Launches its first Innovation Forum “Blockchain Technology in Support of the United Nations’ Sustainable Development Goals (SDGs) at United Nations New York Office on January 15, 2020.
- More than 40 ambassadors, senior diplomats and representatives from Member State Missions of Montenegro, Belarus, Tajikistan, Georgia, Azerbaijan, Honduras, and Paraguay, as well as UN officials, technology experts and innovators attended the forum.

- Some of the speakers are listed as following:

Milica Pejanovic
Ambassador, Permanent Representative of Montenegro to the UN

Amir A. Dossal
President & CEO of Global Partnerships Forum, Former Executive Director at UN Office for Partnerships

Anna Falth
Senior Programme Manager at UN Woman

Abraham Joseph
Co-founder and VP of Development Goals Global Watch Inc, Former Chief Socio-Economic Affairs at UN

Jiaming Zhu
President of Chinese Institute of Digital Assets, Renowned Economist in China

THE POWER OF ARTIFICIAL INTELLIGENCE: THREAT OR LEVERAGE FOR INTERNATIONAL PEACE AND SECURITY?

February 12, 2020 – UNHQ CR5 – 3:30-4.30 P.M.

CONCEPT

Developments in the field of Information and Telecommunication pose both opportunities and challenges for maintenance of international peace & security, implementation of Sustainable Development Goals, combatting terrorism and tackling humanitarian crises worldwide.

Are we ready to get best of technologies while not being entrapped by the existing and potential threats of ICTs?

How do technologies contribute to combatting terrorism and crime?

What was the High-Level Conference in Minsk, Belarus on Countering terrorism through the use of new and emerging technologies about?

How can technologies help reduce costs and time for transactions to deliver support that saves lives of people in need?

Is there any linkage between ICTs and SDGs? Why not?

How do we unite our efforts to establish universal norms and principles regulating states' behaviour in the sphere of ICTs?

How to get rid of misunderstanding between states in promoting expert-level dialogue within the United Nations on the developments in ICTs?

INTERESTED IN GETTING THE ANSWERS?
HAVING MORE QUESTIONS?
OR READY TO PROVIDE YOUR VIEWS ON THE SUBJECT?

Come and meet our guests:

MODERATOR

- H.E. Valentin Rybakov – Permanent Representative of Belarus to the UN

KEYNOTE SPEAKERS

- H.E. Andrei Dapkiunas – Deputy Foreign Minister of the Republic of Belarus
- H.E. Alexandru Cujba – Founder and Chairman of Blockchain Alliance International, former Permanent Representative of Moldova to the United Nations
- Mr. Aleh Makarau – Director of the Belarusian Institute for Strategic Research
- UN Office for the Coordination of Humanitarian Affairs (TBC)
- UN Women (TBC)

Q&A SESSION

- Meeting with the Deputy Foreign Minister of the Republic of Belarus to discuss how to leverage AI and Blockchain to improve the international peace and security at the United Nations
- Initiate the collaboration between public and private sectors to create a more effective society using innovation.
